FUNERALS NUMEROUS.

Bombardment of San Juan Is Responsible.

SPANIARDS ADMIT LOSSES.

They Say Eight Soldiers Were Killed and Many Wounded.

THIS MEANS HEAVY FATALITIES.

Spaniards Were Never Known to Tell the Truth About Such Matters, and It Is Not Probable That They Have Done So In This Instance.

St. Thomas, Danish West Indies, May 19.—The governor general of Porto Rico has issued a proclamation saying eight soldiers were killed and 34 wounded as a result of the bombardment of the forts at San Juan by a portion of Rear Admiral Sampson's fleet on May 12. Two guns were dismounted at Morro Castle, which otherwise was little damaged.

In the town one shot penetrated the palace, and the corner of a powder house was carried away. No school-children were killed. The Spanish transport Alfonso XIII and the Spanish freight steamer Manuela were damaged by the American fire.

The Spaniards claim that Freeman Halstead, the newspaper correspondent who was sentenced to nine years' imprisonment for photographing the fortifications of San Juan, was wounded by a shot which struck the town jail, but it is known he was shot by the Spaniards. Many funerals have occurred recently at San Juan.

THE OREGON SAFE.

She Is Probably Now a Part of Admiral Sampson's Fleet.

Washington, May 19.—Secretary Long gave out the welcome information that the battleship Oregon, the second largest craft in the American navy, had successfully completed her long trip from San Francisco, making the entire circuit of South America, and was now safe.

The rigid secrecy of the navy department was relaxed only enough to make known that the Oregon was out of harm's way from a concerted attack on this one ship by the whole Spanish squadron now in southern waters, and that her fighting strength would be added to Admiral Sampson's force.

Before leaving Bahia Captain Clark of the Oregon was warned to keep a close lookout for the Spanish fleet. In reply Captain Clark expressed his confidence on being able to hold his own single-handed with the Oregon against all the Spanish cruisers.

The only apprehension he felt was as to the torpedo boats under the Spanish admiral's command, for these are a new and practically unknown element against the modern battleship, and Captain Clark, while confident of holding out against these also, said a chance blow might be struck by them.

Scovel Squelched.

Washington, May 18.—An order has been issued by the navy department forbidding the presence of Sylvester Scovel, a newspaper correspondent, aboard vessels of the navy or at any naval station, on account of his conduct in stowing himself away on board of the tug Uncas on the recent visit of that vessel to Havana, he having been refused permission as a passenger. Negotiations are in progress for the exchange of Thrall and Jones, newspaper correspondents, for Colonel Cortijo and Surgeon Julian, now prisoners of war in the United States.

Preparing For the Voyage.

San Francisco, May 19.—Major General Otis assumed charge of the organization, outfitting and the sailing of the troops bound for Manila. A few alterations in the City of Peking's arrangements, which have been decided upon, will delay the departure of the vessel until Saturday next. When ready for sea the Peking will carry four 4-pound Hotchkiss rapid-fire guns, two being placed in her bow and two in her stern.

All Atlantic Ports Mined.

San Francisco, May 19.—Special notices to Pacific coast mariners were issued by the hydrographic service to the effect that all the principal ports on the Atlantic seaboard have been mined with torpedoes, and warning has been given to captains of vessels that an infraction of the laws may result in the shore batteries opening fire on the intruding vessel.

Has Not Passed the Gate.

San Francisco, May 19.—The Charleston had not passed through the Golden Gate at 5:45 p. m., although

she left Mare Island shortly after 10 o'clock in the morning bound for Manila. It is generally understood that her compasses are being adjusted at Angel Island, but her commander may be awaiting further instructions from Washington.

More Money For Spain.

Buenos Ayres, May 19.—It is announced here that the Spaniards of Argentina have telegraphed another million francs to Madrid as a war subscription, and that the collection of money for the same purpose will be continued.

An Englishman Mobbed.

Baltimore, May 19.—Captain Wood, of the British steamship Elwick, which arrived here from Huelva, reports that he had an eventful experience in the Spanish port. He arrived there on April 22 to take on a cargo of 3,200 tons of sulphur for Baltimore. Public sentiment was running high against America and Americans, and he gave it out that his cargo was destined for Rotterdam. When the Spaniards found out he was coming to America he was mobbed.

The Sixth Arrives.

Chickamauga National Park, Ga., May 19.—The Sixth Ohio infantry reached here at 9 o'clock Wednesday night, remaining in their cars. The regiment is composed of 11 companies, 815 officers and men, commanded by Colonel William V. McMaken.

Plenty of Provisions.

Havana, May 19.—The food supply is assured for a long time. Vessels are arriving here from all parts, even from the United States, with provisions.

Ready For Sea.

Gibraltar, May 19.—The Cadiz reserve squadron is ready for sea. It is expected to sail for Philippines by the end of May with 11,000 troops.

May Touch at Colon.

Colon, Colombia, May 19.—It is rumored that the Spanish squadron may possibly touch at this port.

Cables Ordered Cut.

Washington, May 19.—All cables connecting Cuba with the outside world have been ordered cut.

BISMARCK'S BUNCOMBE.

Says the Course of the Washington Government Has Been Insincere.

Friedrichsruhe, May 19.—Prince Bismarck condemns the Hispano-American war outright, and says it is due to systematic American provocation, which finally became unbearable. He adds:

"The whole course of the Washington administration has been insincere.

"The result of the war can not be wholesome either to America or Europe. The United States will be forced to adopt an intermeddling policy, leading to unavoidable frictions.

"Closer Anglo-American relations are doubtless feasible, but an alliance is improbable and unserviceable to both.

"Germany's duty plainly is to maintain her interests by carefully nursing the good neighborhood of the European nations."

Will Probably Be Wrecked.

Port Elizabeth, Cape Colony, May 18.—The bark R. A. C. Smith, Captain Hooper, which sailed from Port Louis, Mauritius, on April 26, for New York, is ashore at Woody Cape and will probably become a wreck. All the crew are on board with the exception of three men, who are at this port. Assistance has been sent to the endangered vessel.

Cyclone In Illinois.

Amboy, Ill., May 19.—About 6 p. m. a cyclone passed six miles south of this place and, taking an easterly course, traveled about 20 miles, destroying everything in its track—dwellings, barns, orchards, etc. There were many narrow escapes, but no loss of life is reported. Some live stock was killed.

A Horrible Suicide.

London, O., May 19.—Mrs. Thomas Burchnell, a tenant living on Mrs. Graham's farm, near Newport, this county, committed suicide in a horrible manner. She took down the shotgun and discharged a load into her head, the load entering under the chin, and passing out of her head at the top, making a hole as big as a man's fist.

Right Kind of Material.

Tiffin, O., May 19.—John S. Helm, 70, has enlisted with a volunteer company being raised here to be ready for another call. Mr. Helm served through the Mexican war and again during the civil war, and he is eager to go to the front again.

To Surrender the Flags.

Washington, May 19.—Representative Bromwell of Ohio has introduced a joint resolution authorizing the return of the captured Confederate flags on application of governors of states whose troops carried the flags.

A HIGH TRIBUTE PAID

To the United States by Brazil's Retiring Minister.

HE NOW GOES TO PORTUGAL.

Has Been In This Country Nearly Thirty Years.

REGRETS THAT HE MUST LEAVE.

Feels That In the Present Crisis a Mere Formal Leave-Taking Would Not Indicate the Great Admiration He Has For America and Americans.

Washington, May 19.—Senhor Salvador De Mendonca, who has represented Brazil in Washington in the capacity of minister since 1891, presented his letters of recall, preparatory to being transferred to Lisbon, Portugal.

The ceremony, which is in many cases little more than an idle form, was in this case remarkable from the magnificent tribute paid to our great republic by Senhor Mendonca, who, having occupied the post of consul general of Brazil at New York for many years preceding his accession to the ministry, has had more abundant opportunity for just criticism than follows to most diplomatic representatives. The minister said:

Mr. President—I have the honor to place in your hands the revocatory letter by which the president of the United States of Brazil terminates my mission to the government of the United States of America.

Hope that your excellency may concur in the belief expressed by my government that I have, in fulfillment of its instructions, discharged the duties of my mission in an agreeable manner to your government, and adding to the expression of the best wishes of the president of Brazil for your happiness and for the prosperity of your country my personal good wishes, I might consider closed my official address.

But friends do not part in the solemn hour in which the nation is called to arms with diplomatic forms merely. Moreover, my debt of gratitude to your people and government for the treatment which I have received at your hands during a residence of almost a quarter of a century is so great that I can not take my leave without expressing to the first citizen of this mighty republic my heartfelt appreciation of your benevolence toward a student of your institutions and an admirer of the high character of your nation.

Opening your country since the colonial times as a land of refuge, and establishing your commonwealth on the solid foundation of the freedom of conscience; giving to the world the principles of the Declaration of Independence; affirming by the consolidation of the Union and by the abolition of slavery that this continent was thenceforth consecrated to liberty, your people have come to the front rank as a powerful factor of modern civilization.

Fearless before the strong, magnanimous toward the feeble, deeply convinced that justice and right are the cornerstones of the state, and fairness the measure of international dealings; industrious, intelligent, law-abiding and peace-loving, your nation can well be proud of its achievements, and no one has had a better opportunity than I to satisfy myself, by a careful observation of men and laws, of your steady advancement and progress.

I have seen your country in its days of joy and sorrow. I saw, at the celebration of the centenary of your independence, the past-master in the art of war open the great fair of the arts of peace and reveal to the world the double greatness of the nation which in 10 years had transformed swords and guns into implements of industry.

I saw the great hero laid to rest in the heart of your great metropolis, amid the mourning of your whole land and witnessed his apotheosis celebrated by the voice of the entire Union. I saw the chief magistrate of the nation felled by an assassin's hand, and observed the republic continue firm and serene under the empire of the law. In its joy or sorrow the nation did not depart a moment from the confidence in its high destiny.

I have visited the different regions of your broad land; I know the active men of the east, the open-hearted inhabitants of the west and the chivalrous southerner. It has been my fortune to meet the statesman, the scientist, the artist, the manufacturer, the farmer and the workman. Their common ideal is the honor and greatness of their country.

I have trod the hardest paths of the land which lead to sacred places—Mount Vernon, where the founder lies; Hollywood, where Monroe rests; Oak Hill, where Blaine reposes. I have listened to the voices of the wind passing through the branches of the oaks which cast their shade over their tombs, and learned the secret of your greatness. May yours be an inspiring example to the whole continent.

It has been my aspiration before leaving your country to sit again at a table around which all the American republics would re-enact, on a more solid basis, the agreement outlined by the unratified treaty of April 28, 1890, distributing the responsibilities of the policy of Monroe, by the members of the compact, as it is due to their sovereign character. Blessed be the day which shall witness the meeting of such a congress, first step for the es-

tablishment of an American diet, high court of the international affairs of our continent.

Wherever the duty to my beloved country will call me, I can assure you that my heart and sympathy will be with your noble people and with the standard bearer of the American republic which is advancing the outposts of human freedom into the last entrenchments of the past.

The president replied as follows: Mr. Minister—Recalling your many years of efficient and friendly representation at this capital, and mindful of the agreeable associations which you have formed with the officers of this government in the fulfillment of your honorable mission, I can not but feel regret that your transfer to another post terminates the personal relations you have so acceptably maintained with this government and with the people of this country; although I must at the same time congratulate you on the further proof of confidence in your ability and zeal which your own government has given you in assigning you to another important mission.

The eloquent words you have addressed to me show that your long sojourn in this country and your many opportunities of observation and of intercourse with our people have imbued you with a clear perception, alike of the historical and moral origins of our political and intellectual system, and of the high purposes which have ever inspired our commonwealth in its relations with the other communities of the earth, whether they be our neighbors or our distant friends; our coadjutors or our generous rivals in the paths of industry and commerce, or whether allied to us by ties of blood and similarity of constitutional forms or divided by differences of race and governmental structure.

For nearly a quarter of a century you have dwelt among us, a spectator of our domestic development and an interested student of the great social and political problems which have so seriously confronted all nations during these closing years of the world's most eventful century, and from which the United States, whilst steadily keeping to their own self-appointed path, have not been exempt.

However sore the passing trial, or hard the problem of the hour, you have seen it met by the calm reason and hearty fortitude of our people, furnishing additional evidence of the wisdom of those who founded the republic on the immutable bases of union, justice, self-control and charity toward all.

I wish for you, Mr. Minister, all personal happiness in your new field of useful duty. May the memories you take with you of the friendship and esteem you have won here be matched by those which lie before you in another land.

In thus bidding you farewell I ask you to be the messenger of the earnest, fraternal greetings of this government and people to Brazil and its citizens, and of their trust that they may long reap the fruits of their devotion to the cause of self-government and the blessings of peace, advancement and plenty may ever be their lot; and I beg you to assure the president of the republic of my cordial wishes for his personal welfare.

Swept by a Storm.

Des Moines, May 19.—A destructive storm swept through western and southern Ringgold county, 75 miles south of this city. The buildings of J. A. Miller, east of Blockton, were swept away, and Miller and his daughter injured, the latter having both legs broken. At Maloy the schoolhouse and Chicago Great Western depot were wrecked. Just south of Maloy Wint Worthington's house was demolished and an old lady, name not learned, was badly hurt.

Riots Entirely Suppressed.

New York, May 19.—In response to a cable dispatch sent by Oelrichs & Company, the New York agents of the North German Lloyd Steamship company, a message was received by them from Genoa saying "that the riots (which have been recently prevailing) had been entirely suppressed everywhere." It was added "that the whole of Italy is now quiet and that no further disturbances are expected."

Refused to Work.

Ashtabula, O., May 19.—A strike was precipitated on the extension docks at this port by the employees of the Lake Shore docks. The trouble is that the men refuse to do night work at the same rate as day work.

Used Corrosive Poison.

Alliance, O., May 19.—Mrs. Lizzie Hodgson, wife of William Hodgson, of Salineville, committed suicide by the use of corrosive poisoning.

They Favor It.

Shanghai, May 19.—The newspapers here and public opinion in general strongly favor an Anglo-American alliance, as proposed in the speech which Mr. Chamberlain, secretary of state for the colonies, recently made at Birmingham, England.

Going to Portugal.

Washington, May 19.—Senor Mendonca, the Brazilian minister, presented his letters of recall to the president, preparatory to leaving for his new post as minister to Portugal.

Treasury Statement.

Washington, May 19.—The statement of the condition of the treasury shows: Available cash balance, \$206,110,511; gold reserve, \$175,874,006.

Silver For Europe.

New York, May 19.—Steamers sailing for Europe took out 100,000 ounces of silver and 25,000 Mexican dollars.

DISAGREEABLE TANGLE

May Now Be Successfully Unraveled In Indiana.

ONE OF THE RESULTS OF WAR

New Apportionment of the State Threw Two Senators Into One District, but One Will Probably Now Resign.

Indianapolis, May 19.—The departure of Senator Newton W. Gilbert of Angola to the front as an officer of the One Hundred and Fifty-seventh may help the Republicans out of a disagreeable tangle, because of the legislative apportionment of the last general assembly. Gilbert is a hold-over senator from the counties of Lagrange and Steuben. Senator Nussbaum is a hold-over from Dekalb and Noble.

The new apportionment makes a senatorial district of Lagrange and Noble, and one of Steuben and Dekalb. Nussbaum lives in Dekalb and Gilbert in Steuben, thus throwing two hold-overs in one senatorial district, and leaving Lagrange and Noble to elect a senator. Had Gilbert remained at home and Lagrange and Noble elected a senator, there would have been 51 senators in the next general assembly, one in excess of the constitutional limit. It is supposed that Gilbert will now resign.

Date of Democratic Convention.

Indianapolis, May 19.—The Democratic state central committee met here for the purpose of fixing a date for the state nominating convention, and during a quiet session Wednesday, June 22, was appointed as the day and this city as the place for holding the convention. Owing to some question in reference to the expiration of the terms of the appellate judges and the passage of the law by the last legislature extending the terms of those officers, the committee decided to nominate four appellate judges, and the question of the legality of the legislative act will thus be taken into the courts. The representation in the convention will be one delegate for each 100 votes cast for William J. Bryan.

Will Contest the Claims.

Noblesville, Ind., May 19.—Ex-Auditor Taylor Johns, who died several days ago from the effects of a bullet wound in his ankle, which he is alleged to have received during an encounter with a highwayman, carried \$15,000 accident insurance. The three companies in which he had policies will contest their payment in court on the ground that the wound was self-inflicted. Detectives are at work on the case, and some sensational developments are expected soon.

Died on His Wedding Anniversary.

Shelbyville, Ind., May 19.—The death of Harrison Rhodes occurred on his fortieth wedding anniversary, for the celebration of which arrangements had been made. He resided on the farm where he was born 70 years ago.

Receiver Appointed.

Anderson, Ind., May 19.—O. E. Otto was appointed receiver of the Alexandria (Ind.) Gas company, on claims for \$13,000 in judgments, the result of people being killed in explosions.

Grand Master Odd Fellows.

Portland, Ind., May 19.—Mr. R. P. Davis will assume the duties of grand master of the Odd Fellows of Indiana, a position he had temporarily given up because of his wife's illness.

Steamship Captain Murdered.

Plymouth, England, May 19.—The Italian bark Giambattista Padre, Captain Olivari, from Pensacola on March 31, which arrived here on May 16, reports that on April 25, in latitude 36 degrees north and longitude 47 degrees west, she spoke the Italian bark Monte Allegro M., which left Sabine Pass on March 5 for Marseilles, under the command of Captain Gamba. The second officer of the Monte Allegro M. reported that two days previously the chief officer had murdered Captain Gamba. He added that the murderer had been put in irons and was held in confinement.

With Sampson's Fleet.

Washington, May 19.—The Oregon is believed to be safe, and probably is now a part of Sampson's squadron.

Charged With Cowardice.

Toledo, May 19.—The press and public are charging the naval reserve with cowardice for refusing to go to the front when called.

The greater part of the cast off uniforms of British soldiers find their way into the shops of dealers in secondhand clothing. The coats are then either cut up, sold to theatrical managers or exported to Africa and elsewhere for trading purposes with the Kaffirs and other uncivilized people.

PYTHIAN KNIGHTS.

Limestone Lodge No. 36 Entertains in Honor of the Templar Knights.

Limestone Lodge No. 36, K. of P., has always enjoyed an enviable reputation for the generous hospitality extended visitors of its own order as well to members of other orders who may come to Maysville.

Its reputation was fully maintained last evening when it kept "open house" in honor of the Grand Commandery of Kentucky, K. T.

Castle Hall was never more handsomely decorated, flags, bunting and potted plants being artistically arranged.

A general invitation had been issued, and in addition the following unique card, printed on linen, had been distributed:

You are invited; but to gain admittance within these mysterious portals, the guest will whisper at the Port Cullis, the Talisman, "Touch me not." Bear in mind that the civic battleship "Pythias," cruising in the waters (?) of France, China and Britain, with its chief officer "Sampson" on the bridge, will explode a sub-marine torpedo, charged with the gun cotton of good fellowship and the dynamite of sociability on boardship at 8:30 o'clock p. m.

Dead and dying must be numbered in proportion to their appetites.

A warm hand and generous heart is the "open sesame" to the inner halls, where we greet our guests and say what is your desire? and where we shall bid you good night and God speed, after partaking of a good thing. The guest will place a button-hole (boka) upon his person in order that he may "smell sweet and blossom in the dust." Please don't wear spurs.

Calve amicit usus tecum inspirationis omnia nunc. If the old town is too hot accommodating police will escort all guests to the river.

LIMESTONE LODGE NO. 36, K. OF P.,
Maysville, Ky.

Most Knights Templar in the city responded and Castle Hall was thronged. The Louisville Knights came in a body, headed by the First Regiment Band. They were followed by Marion Commandery and other Knights. Addresses of welcome were delivered by Past Grand Chancellor Chamberlain and Mr. Thomas A. Davis; responses by Most Eminent Grand Master Thomas, Grand Commander Robinson, Grand Captain General Orndorf and several others.

In a room on the second floor "a fountain of youth" had been deftly arranged and here the guests were regaled with liquid refreshments.

Altogether it was a most enjoyable affair.

DISPUTE OVER FEES.

Some Creditors of the Exchange Bank of Fleming Object to Assignees' Allowance—The Lawyers in the Case.

[Fleming Gazette.]

In the Exchange Bank case of Hart & Sausley vs. David Wilson, the court ordered that the plaintiffs as assignees shall within thirty days pay five per cent. to all creditors of the bank whose claims have been properly proved and allowed. This makes in all ten per cent. which has been paid to the creditors, and it is likely that another five per cent. will be declared, making in all fifteen cents on the dollar. The assignees were ordered to make a report showing all collections and expenditures in the matter.

The First National Bank of Maysville, W. B. Allen and C. D. Armstrong as creditors of the bank, filed a motion asking that the allowance of \$12,000 made to the assignees at the last January term be set aside. Motion was overruled.

In discussing the bank matter quite a breezy argument arose between the attorneys as to who were really the attorneys for Messrs. Hart and Sausley, the assignees. Messrs. Jno. P. McCartney, G. A. Cassidy and W. G. Dearing stated that they had been employed by the assignees and were their legal representatives, whereupon W. A. Sudduth, A. E. Cole and A. M. J. Cochran arose and stated that they were also in the case. The matter of fees was referred to and it is not at all unlikely that there will be some trouble over the division of the \$6,000 attorneys' fees which was allowed by the court last January.

The court stated that only one fee would be allowed the assignees for services of an attorney and that the assignees would be the persons with whom the attorneys should settle.

The next annual meeting of the Grand Encampment, I. O. O. F., will be held in Maysville.

GRAND COMMANDERY.

Fifty-First Annual Conclave of the Kentucky Knights Templar.

Visitors Warmly Welcomed—The Response. Synopsis of Grand Commander Robinson's Address.

The fifty-first annual conclave of the Grand Commandery of Kentucky, K. T., is being thoroughly enjoyed by the many here in attendance, and as usual our visitors are loud in their praise of the Knights of Maysville Commandery and other citizens for the warm welcome and the generous hospitality so cordially extended.

At the conclusion of the parade Wednesday forenoon, the commanderies assembled in the asylum where the address of welcome was delivered by Sir Kt. Rev. F. W. Harrop. The response was by the Grand Captain General, Sir Kt. John G. Orndorf, of Russellville. The speakers were very happy in their remarks. The welcome extended was a most cordial one, Rev. Harrop voicing the sentiments of his companion Knights of No. 10. The Grand Captain General gave assurances of the pleasure enjoyed by the Knights of Kentucky at again being the guests of Maysville Commandery.

Following this the Most Eminent Grand Master Warren LaRue Thomas of the Grand Commandery U. S. A. was received, and then Right Eminent Grand Commander E. A. Robinson delivered his annual address. He extended a hearty welcome to the visiting Knights to his home and to the hospitality of the Sir Knights and citizens of Maysville. As to the condition of the order he reported that the Grand Jurisdiction had been usually favored during the year, the net gain in membership being 131, the largest in twenty-two years. The order in Kentucky was never in a more prosperous condition. Not a single appeal had been made to him during his term and there were no grievances to refer. "Peace and harmony reigned supreme."

He had been unable to visit the Masonic Widows' and Orphans' Home, at Louisville, the oldest and grandest institution of the kind in the world. He recommended the regular annual appropriation for this institution.

The proposed building of the "Old Men's Home" was commended, and he urged all who had not yet contributed to add their "mite."

As Grand Representatives to other Grand Commanderies he has recommended the following: To Kansas, Sir Kt. J. Soule Smith, of Lexington; to South Dakota, Sir Kt. J. David Dye, of Maysville.

In closing he spoke as follows: The 27th day of May, 1898, will complete my twenty-fifth year as a Knight Templar, eleven years of which have been spent in your service; and, in returning to you my emblem of authority, I trust unsullied, with which you have honored me, I do so feeling that I have given you but poor returns for the honors you have bestowed upon me; and when I think of the great kindness I have experienced at your hands, I sincerely regret my inability to command language with which to give expression of my gratitude. May peace and God's blessing be with you all.

The conclave reconvened this morning and will conclude its business this afternoon, the session closing to-night with a reception by Maysville Commandery.

Funeral of Dr. Downing.

The funeral of the late Dr. F. M. Downing, of Sardis, took place Tuesday last at Shannon at 11 o'clock a. m. The remains were in charge of the Masonic fraternity of which order the deceased was an old and honored member. After an impressive funeral sermon by Rev. William H. Calvert of the M. E. Church, the remains were laid to rest in an elegant casket, with appropriate services conducted by the venerable William N. Howe.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky. Sold by J. Jas. Wood, druggist."

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

THE CROP OUTLOOK.

Weather Conditions Have Been Favorable of Late—Weekly Report of the Kentucky Climate and Crop Service.

[For Week Ending May 16.]

Weather conditions of the past week were more favorable to farming than were those of any previous entire week of this season, especially in western and central sections. Light to moderate local showers occurred nearly every day, but only in portions of the eastern section were they heavy enough to put even a temporary stop to farm work. Local hail storms occurred in some of the eastern counties on the 12th, but not much damage resulted. During the greater part of the week the temperature was slightly lower than usual at that season, and light frosts occurred in many localities in the eastern section on the morning of the 9th, but no serious injury was sustained. There was generally a fair amount of sunshine. All vegetation responded to the improvement in weather conditions, and farm work progressed proportionally.

Western Section.—The week has been moderately warm, with some showers and a fair amount of sunshine; all farm work has been rushed, and, while the rains have kept the very low bottom lands too wet for planting, yet there has been rapid advancement in the growth of all crops. Corn is nearly all planted and is coming up well; there is no complaint of cut-worms; some few farmers are plowing over. Wheat is growing finely and is beginning to head in many places.

Only one report of army worms. Oats, grasses and clover are growing nicely. Tobacco plants are plentiful and promising. Setting's in progress generally, and in a few counties nearly completed. Gardens are still backward, but have improved materially in the past week. Small fruits promise a very good crop. Strawberries are late, very few being picked. Raspberries will be abundant. There is some complaint that the larger fruits are falling badly. Pastures are in good condition and stock is thriving.

Central Section.—The tenor of correspondents' reports for the past week is generally encouraging. Improved weather conditions have enabled farmers to catch up to some extent with backward work, and given an impetus to growth of vegetation. Wheat continues in excellent condition; it is heading rapidly, and stalk and head appear vigorous. There is scarcely a complaint from any part of this section regarding wheat; the present outlook for this crop is most promising. Corn is about all planted; only a small portion of some bottom lands had not been planted at time reports were made. It is coming up fairly well, generally, and cultivation of the crop has begun in some localities. It is rather small and growing slowly. There is some complaint of cut worms. Oats are improved. Rye, hemp and grasses are doing well. Young clover, especially the late sowed, is in fine condition; the early sowed was somewhat thinned out by the freeze in April. Tobacco promises a good crop. Transplanting has begun in earnest, though not a great many plants have been set yet, on account of the preparation of ground having been delayed. This work is now being pushed. Gardens have improved, though still backward; more complaints regarding potatoes than other vegetables. Prospects for fruit not materially altered since last report.

Eastern Section.—Light showers fell frequently during the week, improving crop conditions in a few localities, where rain was needed, but, generally speaking, the advancement of all soil products was retarded by this moderate increase of moisture. Farmers have not yet finished planting, and some plowing remains to be done, but moist and soft condition of the soil renders this work impracticable. Besides, the nights were especially cool for the season, and as generally cloudy weather prevailed during the days, what little growth crops did make is not regarded vigorous. Hence there is general complaint of unfavorable meteorological conditions, such as have prevailed since the beginning of the season, which will

Dainty and artistic FANS from far-away Japan. There are 500 of the Fans. All of them are made and ornamented in the inimitable Japanese fashion. Some bear figures of strange and fantastic birds and animals. On some beautiful chrysanthemums and cherry blossoms bloom almost as natural as life. Others again are decorated with men and women in the artistic garb of the Japanese. Each one of them is worth commercially as much again as our price—another trumps for cash. Judged by the standard of art excellence as understood in America these Fan prices are not one-tenth of true values. Just think of figures like these for really artistic and picturesque fans—

Strawberries!

The season is now at hand for HOME-GROWN, and as usual my house will be headquarters for the very best fruit in the market, both wholesale and retail. Also as the season advances I have arranged to have each day shipments of

CULTIVATED BLACKBERRIES, RASPBERRIES, CHERRIES, PEACHES, ETC.

The fruit will be placed on the market here on the same day it is picked, and buyers can always depend on getting the very freshest and best stock the country affords. Remember the Strawberry season only lasts three weeks, so don't put off buying until too late.

HAVING determined to give up my business, I desire the public to know that beginning Friday, May 20th, I will offer my stock of millinery at cost. All those knowing themselves indebted to me will as speedily as possibly call and settle. Remember the date, Friday, May 20th, 1898.
MRS. O. E. COLLINS.

CIRCUIT JUDGE MORROW has rendered a decision in the Whitley Circuit Court holding the Third Appellate District gerrymander law invalid. This decision, if affirmed by the Court of Appeals, would also knock out several other gerrymander acts passed by the late Legislature. When the case comes up on appeal Judge Burnam (Republican) and Judge Hazelrigg (Democrat), whose districts are affected by the law in dispute, will retire from the bench and two special Judges, to be named by Gov. Bradley, will sit in their places.

THE friends of Mr. John Ashley Chapin will be interested in knowing that he is to be ordained to the Diaconate next Sunday, May 22nd, in St. John's Chapel, New York City, by Bishop Gailor, of Tennessee. He also will be graduated from the General Theological Seminary, same city, on the 25th. He is expected home the next day to spend a few weeks with his parents, and will then return to New York to enter, on the first of July, upon duty as curate or assistant minister of Calvary Church.

RICHMOND, Ky., is preparing to celebrate her centennial July 4th.

PROFESSOR J. C. Keath, of Bethany, has been chosen Professor of Philosophy of the Kentucky University and Bible College, Lexington, to succeed Professor Robert Graham.

A LETTER from N. B. Marsh, who is a Denver, brings the gratifying news that he has been improving lately and was feeling better than at any time since he reached that city. He has given up his intention of returning to Kentucky, and will probably spend several weeks this summer at a ranch higher up on the mountains. His physicians assure him that it will completely restore his health.

The Bee Hive!

A CAR-LOAD OF MATTINGS,

By far the largest single shipment of its kind that ever arrived in Maysville, reached us on Tuesday. They are all of best grade Chinese and Japanese make and include the very latest and choicest designs, and all at prices that we vouch will be a saving to you of at least 25 per cent. We've no space for detailed description. Suffice to say that prices range from 12½ to 30 cents a yard. If you're in need of Mattings, and a prudent purchaser, see these.

LACE CURTAINS.

During the past week our Lace Curtain stock has been greatly replenished. We have them to please the most modest and fastidious tastes. At 45 cents there is a "Nottingham" three yards long, worth fully 65 cents. Our \$1.25 Curtain, three and a half yards long, is especially worthy. At \$2.75 there is a "Brussels Net," three and a half yards long and sixty inches wide, of regular \$3.50 value. You can obtain valuable Curtain knowledge by investigating our stock.

DUCKS AND DRESS CRASH.

Our stock of these is immense, though we've sold heaps of 'em in the past fortnight. There is a high grade linen crash at 10 cents; something better at 12½, 15 and 18 cents. Figured Ducks and Ducks in solid colors at 10, 12½ and 15 cents. A great line of Piques in black, white, pink, navy and light blue at prices ranging from 15 to 29 cents. These are all great values at small prices.

A Bargain Table leader for this week will be a regular 12½c. Organdie for 7½c. a yard.

DEMOLAY.

Louisville's Famous Commandery
Entertained With a Floating Concert.

The Gallant Knights and Fair Ladies Vied
in Doing Honor to Their Guests.

The floating concert and reception on the beautiful City of Louisville given by the famous DeMolay Commandery Wednesday afternoon was not only a thoughtful courtesy on the part of our guests, but a most charming and enjoyable affair.

Just before the hour for starting some half dozen sharp thunder claps and a furious shower threatened a possible disappointment;—afterward all realized what a disappointment it would have proved.

The steamer was in gay and festive attire, glistening in her new white and blue spring coat, fluttering with flags, banners and bunting; booming with cannon and over all swelled the intoxicating music of the First Regiment Band which it was indeed a privilege to hear.

The Sir Knights and their fair ladies, one and all, vied with each other in doing honor to their guests, making each one feel the object of special attention; a rare accomplishment at any time, and doubly difficult in such a vast throng; but accomplished with the ease and grace of past-mastership in the art.

Punch, frappe's and dainty confections were served.

Manchester was soon reached, where there was a short stay. On the return run, dancing was indulged in by those who took no heed of the upward trend of the thermometer, and considered comfort and serenity well lost. But then the music was a rare inspiration.

When the Louisville swung into shore at Maysville again, there was a general sigh of regret that such a delightful afternoon was over; but much comfort was realized in the fact that adieus were only an revoir, and that our charming hosts were to be our guests at many a function still.

Bucklen's Arnica Salve.

A
Magnificent
Display
of
Clothing,
Gent's Furnishings
and Shoes, is
That of
Hechinger & Co.,
the
Oddfellows' Hall
Clothiers.

Among the many elegant city-like business houses in our town that of HECHINGER & CO. ranks among the A 1. Nowhere will you find an establishment of its kind that carries a more elegant line of merchandise pertaining to their business than they do. With them you find Suits for Men, Boys and Children that are perfect gems in the art of ready-to-wear Clothing. Their stock of

Shirts, Hats, Ties
COLLARS,
ETC.,

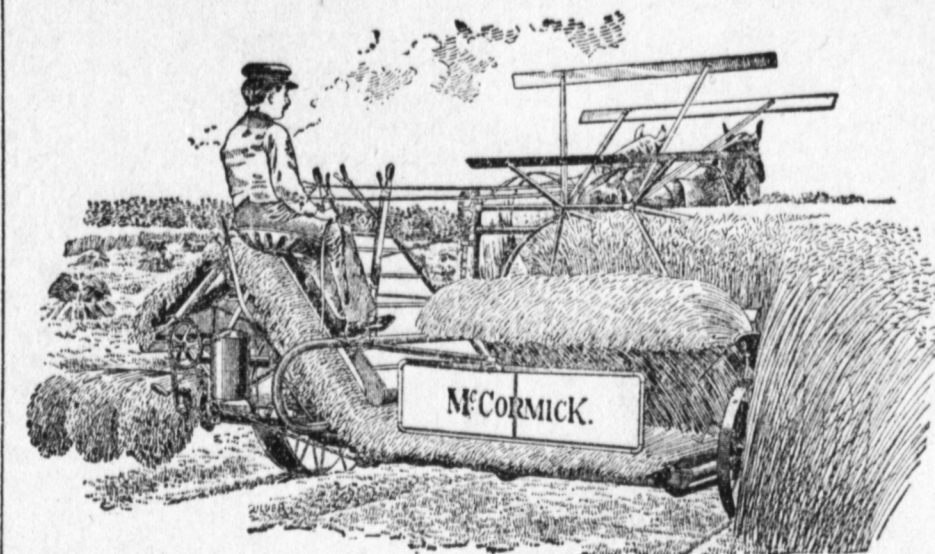

is perfectly bewildering in the number of styles and fashions. In MEN'S FINE SHOES the house stands pre-eminent.

Visitors in our city during this week after looking at the display HECHINGER & CO. make in their windows will agree with us that their mammoth establishment would be an honor to cities many times larger than Maysville. We can safely add that all visitors that call in at their store will be cleverly treated.

GLADSTONE DEAD.

England's Greatest Statesman Has Passed From Earth at Last.

Hawarden, England, May 19.—William Ewart Gladstone died at 5 o'clock this (Thursday) morning.

The "Grand Old Man" was born in Liverpool December 29, 1809.

He graduated from Oxford in 1831 and the next year entered parliament where he remained until 1846.

In 1835 he published the "Church and State" which created quite a sensation at that time.

By his marriage to Miss Margaret Glynn in 1838 he came into possession of Hawarden.

During his long public career he often made radical changes in his posi-

tion, and it is said he has been on both sides of nearly every great public question during his time.

He was several times prime minister and in 1886 when he proposed Irish home rule and was beaten he resigned and quit politics.

He claimed, and was often able to show, that while sound reasoning on the facts then known sustained his first position later experience taught sensible men the true view, and hence that an advocacy which was once only a mistake was later the outcome of mere obstinacy in opposition to justice and truth.

He entered Parliament as a Tory of the Eighteenth century sort, grew into a mild conservative, held office as an advanced Whig, and then led the opposition as a Liberal so very radical that many English Radicals have had to restrain him.

He took office as a protectionist, but aided in establishing free trade, launched into literature with a plea for the union of church and state so extreme that even the Tories repudiated it, and ended by destroying the Irish establishment; and though his first public utterance to be generally noticed in America was a eulogy no Jefferson Davis and the southern confederacy, and his next a savage criticism on the Irish party, he lived to be the most popular of Englishmen to Americans and the very ideal statesmen to Irishmen.

An Army Bill.

Washington, May 19.—A bill that officers in the regular army shall be eligible to staff appointments in the volunteer army and that governors, with the consent of the president, may appoint officers of the regular army in the grades of field officers in organizations of the volunteer army in the District of Columbia and Indian territory, was passed by the senate.

Miss Alger Weds.

Washington, May 19.—Under a canopy of roses and pink orchids Frances Aura Alger, the youngest daughter of the secretary of war, and Charles Burrall Pike of Chicago were married at noon, at the residence of Secretary Alger. President and Mrs. McKinley were near the wedding party during the ceremony, as were Vice President and Mrs. Hobart.

Denton Sentenced.

Lancaster, O., May 19.—Edward Denton, who shot George Dambough on the night of March 26 while intoxicated, pleaded guilty at his trial and was sentenced to two and a half years in the penitentiary.

Gulley of Manslaughter.

Findlay, O., May 19.—Frank Carman, 19, the slayer of Policeman Will Holly, was found guilty of manslaughter.

ELECTRIC FLASHES.

News of the World Told in Few Words by Telegraph.

Miss Frances Aura Alger was married to Charles Burrall Pike of Chicago in Washington.

William Steele has been indicted for embezzling funds from the Chestnut Street (Philadelphia) National bank.

Lieutenant Colonel William R. King, United States army, in charge of the Upper Mississippi river improvements, died in Rock Island, Ill.

Inspector of Police Michael J. Schaak is dead in Chicago. Inspector Schaak had been on the Chicago police force for 30 years.

Mr. W. H. Canniff, late general manager of the Lake Shore railroad, formally assumed his new position as president of the Nickel Plate road.

The Burlington road decided to meet the Santa Fe's 10c rate on live stock between Kansas City and Chicago and to apply the same rates to Omaha and intermediate territory.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

SEEMS as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the phonograph, the electric light—all were once impossible, and once it was impossible to cure consumption. That was before the time of Dr. Pierce's Golden Medical Discovery. Taken according to directions, this standard remedy will cure 98 percent of all cases of consumption. Consumption is caused and fostered by impurity in the blood. It is cured by purity and richness in the blood—surely, certainly cured by the "Medical Discovery." It builds up solid, healthy flesh and vigorous strength.

Dr. Pierce's Common Sense Medical Adviser, a 1008 page medical work, profusely illustrated, will be sent free on receipt of 21 one-cent stamps to cover postage only. Address, World's Dispensary Medical Association, Buffalo, N. Y.
